THE EDITOR'S CHAIR.

HOW THINGS LOOK FROM OUR STAND POINT.

The Opinion of The Editor and the Opinion of Others which we Can Endorse on the Various Topics of the Day.

AN ANSWER TO "K."

Two weeks ago a certain railroad attorney under the "nom de plume" of "K" took a clipping from the Wilson Advertiser that appeared in this paper, for a pretext to appear in type on the Railroad Commission question. He claimed that the article referred to left the impression that a commission could levy a tax on railroads, and he labored through nearly two columns, quoting from the State Constitution and the U. S. Supreme Court reports, wasting his time and our space trying to prove what was already known and what no one had ever doubted. It is needless for us to repeat, the article had no such meaning. Our readers knew it had no such meaning and "K" himself, and every other reasonable person knew it had no such meaning. That kind of argument will do on a log, but it will not do in a newspaper. Then, did "K" willfully misconstrue the meaning of that article simply to force the press to give him a hearing to defend himself? No. Because over a year ago, wishing to see every one have fair play and a hearing before the public, we offered the gentleman who calls himself "K," space in our columns (and the offer has stood open ever since) in order to defend himself and his action on the Railroad Commission. In fact many farmers requested him to do so through these columns. Our offer he did not accept and their request he did ignore. Then why does he take this flimsy excuse to say something to the public not pertinent to the question? Because, by doing so, he does not stand as one defending his own record, but merely as a criticizer of what he would make to appear to be, our ignorance. This is sophistry, which not only does us injustice, but is also intended to mislead the public. In our answer to "K" two weeks since, we asked him two questions. In this week's issue he answers by quoting section 1966 of the Code, with reference to a certain kind of discrimination, a decision of the Supreme Court under that section. But that is no answer. A commission would stand as a vigilance committee not only to see that the law was executed and that there was no discrimination, but also to report charges that were too high.

If Mr. "K" wishes to answer another question, he can tell our readers what profits his railroads make from the charges they now impose. And we hope he will not use subterfuges, but come directly to the point.

WELL SAID.

The man whom the South honors to-day is one of the most impressive characters the world has ever seen. He rose superior to defeat and supreme over disaster and ruin. It does not matter in contemplating such a man as Lee what opinion is held of the cause for which he fought. The leader was, in the general view, greater than the cause. If he had flourished in an earlier and happier period he might have to-day the homage of every American as he has the homage of the South.—Washington Star.

That the object and end of the Sub-Treasury plan, proposed by the Farmers' Alliance, is to better the farmer and relieve the depressed condition of agriculture generally is admitted. Then let those who oppose the bill and excuse their opposition on some technical ground, propose a better plan for effecting the same results, or cease their opposition.

—Quite a number of the Masonic Fraternity from Wilmington will arrive this evening to assist in conferring the Master Degree in Hiram Lodge.

—Capt. W. A. Darden, District Lecturer for the Farmers' Alliance, died suddenly of heart disease in Gatesville on last Monday.

—Mr. D. B. Nicholson, who has returned from the Methodist Conference, that was in session three weeks, at St. Louis, has furnished us an interesting account of his trip, which will appear next week.

—The Methodist Parsonage of Clinton was sold at public auction on last Monday. The lot and house were bid off by J. H. Turlington, Esq., for \$725, and to be delivered to him December 1st. The furniture was also sold.

—Bishop Watson was in Clinton last Friday night to confer the rite of confirmation upon those prepared for the same. The following candidates, viz: Mrs. Dr. A. Lee, Miss Bessie Patrick and Messrs. T. M. Lee and T. H. Patrick, presented themselves and were duly confirmed.

—At the last term of the Superior Court for Sampson, Solicitor O. H. Allen, after examining the report of the clerk, as required by law, reported that he had not found in this whole judicial district, a clerk whose office was in better condition than that of Mr. J. S. Bizzell, our worthy and efficient clerk.

—On last Thursday evening Paul Caraway, the infant son, aged eight months, of Mr. and Mrs. W. A. Pigford, died, and the body was interred Friday in Clinton cemetery. Death has visited this family cruelly frequent. Just six months since a nine-year old son, Wyatt, died; about 18 months since, Rowland died. All in less than two years.

—"OK," in this week's issue says that Railroads cannot discriminate, and to prove his assertion quotes from the Code of North Carolina. This reminds us of the case of a certain lady, who was once smoking a cigarette on a car. The conductor told her that she could not smoke on the cars. She asked why she could not. He answered that the company's rules forbid it, whereupon she put the cigarette to her lips and puffed a whiff of smoke into his face and said, "but you see I can!"

—There will be a special meeting of Hiram Lodge, No. 98 on Thursday night, June 5th, for the purpose of conferring the Third or Master Mason Degree. Past Master, Samuel Northrop, and others will be present from Wilmington, N. C. All Master Masons in good standing are invited. Mr. Northrop will remain over on Friday and present and give instruction and confer degrees in the Royal Arch Chapter, recently organized here.

Closing of Clinton School For Boys and Girls.

This school, under the management of the Rev. J. W. Turner, closed on Friday last. Mr. Turner reports excellent progress in both departments, academic and primary. The children, under the management of Mrs. Turner, have made remarkable progress, such as to reflect credit upon the tact and energy of their teacher.

In the academic department, taught by the principal, there has been marked progress, notably in arithmetic, algebra geometry, Latin and bookkeeping. The teaching of this department as been of a practical nature and is well suited to prepare young men either for college or for the business of commercial or professional life. Clinton has no better or more useful citizen than Rev. J. W. Turner, and he has no superior as a teacher in this county.

The State Chronicle.

Everybody in North Carolina knows the character of the State Chronicle published at Raleigh. It has always been a progressive, independent newspaper since its establishment seven years ago by Mr. Walter H. Page. Afterwards, under the editorship of the lamented Capt. Randolph A. Shotwell, it had no superior as a bold, fearless, honest Democratic weekly. For more than four years now it has been under the management of Mr. Joseph Daniels, who has gathered around it the best talent in the State. Its circulation has grown rapidly until it now has the largest circulation ever attained by any political paper in Raleigh. It has gained that circulation:

1. By plain truth telling.
2. By printing the news and all the news.
3. By having convictions and expressing them without fear or favor.
4. By an earnest and aggressive championship of Democratic principles.
5. By standing by the rights of the people against any powers or corporations.

Recently the paper has been improved and gives its subscribers more matter every week than ever before. In order to place it in every family in the State the subscription price has been reduced to \$1.25 per year. The management of the paper expects to add 5,000 new subscribers during the present year. Send for sample copy. Address, THE STATE CHRONICLE, Raleigh, N. C.

A Trip to Dismal.

On last Thursday evening we started on a business trip to this, the most western township of Sampson. We spent the night very pleasantly at the residence of our friend, Ex-Representative C. H. Williams. We greatly enjoyed a conversation with his father, John C. Williams, Esq., who has represented this county faithfully and creditably in many positions of public trust. But few counties have ever produced a truer or better man. For a number of years he has been confined to his room by a severe and chronic attack of rheumatism, but during this time he has never failed to have himself carried to the muster ground and vote the straight Democratic ticket. He is 83 years old and has lived to see the eighth generation of his family. He remembers his great-grandparents, and his parents, and now lives to see a great-grandchild born. He has now living sixty-seven great-grandchildren and forty-seven grand-children. May Dismal township produce many such men in the future.

Friday morning we started for Clement School. On our way, a distance of only seven miles, we were impressed with the progress and improvement of the township. We counted four new residences, and saw finer cotton and corn than we have seen in that section for many a year.

The school is at Capt. J. L. Autry's upper store, and while this place is quite near where we were born and raised, we have never had the pleasure of visiting it before. We thought that we were in an enterprising progressive small village. In addition to the stores and dwellings, there was a good academy and a fine church, one that would do credit to any of our villages or towns. Capt. J. L. Autry is the moving spirit of this community, and he is as proud of his section as the people are proud of him. We had the honor to deliver the annual address at the closing of Prof. Smith's excellent school at this place. In short, we were highly pleased with our trip and greatly impressed with the progress being made by the good people of old Dismal.

Magistrates and Commissioners.

On last Monday the Magistrates and Commissioners, in joint session, proceeded to elect a County Superintendent of Public Instruction. Mr. W. S. Thompson and Prof. Royal and Ezzell were voted for. The election resulted in favor of the present incumbent, Prof. I. Royall. Next the Magistrates in session proceeded to elect a Board of County Commissioners for the ensuing year. Messrs. C. Patrick, J. M. Marshall and J. C. Hobbs were unanimously re-elected, and deservedly so, for they have served the county faithfully and well. L. C. Hubbard presided as chairman of the meeting and L. C. King, Esq., acted as secretary.

A Masonic To-Do at Clinton.

Worshipful Master Samuel Northrop, of Wilmington Lodge No. 319 A. F. and M. S., together with several of his officers, will go up to Clinton on Thursday evening to confer the Master's degree for the Clinton Lodge. Quite a number of the Masonic brethren will go along and it is anticipated that a good time is in store for them. There will be plenty of vocal and instrumental music on the occasion. A live Mason of this city has secured a reduction of the railroad rates from here to Clinton, and no doubt a large crowd will go up.—Wilmington Messenger.

Appointments of The County Lecturer For Sampson.

Mr. Marion Butler, the County Lecturer of Sampson County Farmers' Alliance, will speak at the following times and places:

The "Malloy Place," near M. O. Jackson, for South River, Pardon and Cedar Hill Alliances, on Saturday, June 7th, at 2 o'clock.

Newton Grove, on Thursday, June the 12th, at 2 o'clock P. M.

At 3 o'clock on Saturday June the 21st the County Lecturer will deliver a public address at Clear Run Alliance.

Thanks.

From one of the purest, sweetest, loveliest and most attractive of her sex came to us some beautiful flowers that were almost as sweet and as lovely as her own dear self, and which made our sanctum so sweet, we were reminded of the wondrous perfume of her many charms of head and heart which could sweeten all the acerbities of earthly cares and troubles, and make this world as sweet as the vestibule to Heaven.—Wilson Mirror.

We also recently received some beautiful flowers from one equally as charming as the referred to above, and our thoughts were similar to Bro. Blount's but, we didn't say so.—Ed.

—The order for the Goldsboro knitting mill machinery has been sent forward. The thing is now a settled fact, and as soon as the machinery can be made and shipped here the work of placing in will begin, and manufacturing follow close thereafter.—Goldsboro Argus.

Clement School.

(Special Correspondence.)

The closing exercises of this school took place on Friday, the 30th ult., and were witnessed by a large assembly of the people of Sampson and adjoining counties. In the forenoon came declamations and the discussion of the "Old and New South," by representatives of the Clement Literary Society. The young men all did well and honored themselves and their instructor, Capt. J. L. Autry, the genial and affable merchant prince of western Sampson, in his happy style, then introduced Mr. Marion Butler, the enterprising and brainy editor of THE CAUCASIAN, as the orator of the day. Mr. Butler came forward and proceeded to arraign the educational system of our country in strong but truthful terms. He pointed out many of the glaring and injurious defects of the system of to-day, and in a way that could not fail to make an impression on the minds of those present, and awaken a disposition to remedy these evils. The intellectual faculty, he said, was looked after to the neglect of the physical, the moral, the mental and the industrial. Each faculty should receive its share of attention, and in this way only can the highest types of men and women be developed. In short, Mr. Butler's address was one of the most sensible and timely that this writer has ever heard. It was not a flourish of flowing words, but plain and, as it were, a revelation. At the close of the address there was a recess for an hour, during which dinner was served in the academy grove. The people of the community know how to prepare a good dinner, and on this occasion they more than sustained their reputation.

The afternoon was spent in rendering the programme of the Young Ladies' Reading Circle, and the Children's exercises. The essays, music and recitations were all very good, reflecting much credit on the student and Prof. Smith and his assistants. The young ladies evidenced careful training in music under the efficient instruction of Miss Bizzell. At the close of the exercises Capt. J. L. Autry and Prof. Isham Royal were called for and both responded pleasantly in short talks. Professor Smith announced that the school would open again on the first Monday in August. Excellent violin music was furnished during the day by Mr. Charlie Butler, of Clinton, with piano accompaniment by Miss Bizzell. Dismal township is to be congratulated on building up and sustaining such a school, and of the generous hearted and open handed citizens who have lent their assistance in the noble work none deserve more credit than the big-hearted and enterprising Capt. J. L. Autry. L. A. B.

Mrs. Rowena Micks and Miss Rena Micks, who have been visiting in Goldsboro, returned last Saturday.

Misses Langdon Holliday and Mamie Hightsmith, who have been at the Greensboro Female College for the last year, returned last week.

Ex-Congressman Col. Wharton J. Green, of Cumberland, is in town registered at the Railroad House. His friends will present his name before the next Congressional Convention, which meets in Clinton on July 22nd, for the nomination.

Rev. C. L. Arnold, of Wilmington, who so charmed Clinton several weeks since with his excellent series of sermons on the "Six Fundamental Doctrines of Christ," arrived in town on last Thursday evening and preached another fine sermon on Friday morning.

Capt. Wm. A. Johnson returned Monday from an extended trip through the Piedmont section of the State. He visited Charlotte, Salisbury, Concord, Greensboro and other enterprising and progressive places. Capt. Johnson was very much struck with Charlotte and says it has all the enterprise of a New England city, combined with genuine Southern hospitality.

NOTICE

To the Voters of Sampson County.

You are requested to meet at your respective township voting places on SATURDAY, the 28th of June, 1890, at 2 o'clock P. M., for the purpose of electing five delegates to a County Convention, to be held in Clinton on SATURDAY, the 5th day of July, 1890, for the purpose of sending delegates to the State Congressional and Judicial Conventions.

All Through Sampson.

What Sampsonians are Doing and Saying.

Send us the news from your township for this column. Every subscriber to this paper has a right and is requested to contribute items of news in "his" neighborhood for this column. We will not publish your name unless you desire it.

DISMAL.

Mr. Editor: It has been some time since I attempted to write a line for your worthy paper, and feel my inability to do anything, in the way of writing a communication, for publication, but as the county convention, is to come off for the nomination of candidates, for the several offices, and being requested by friends to suggest the name of our countyman, and worthy gentleman, Mr. F. R. Cooper, as a candidate for nomination, for the office of Senator, if it should meet his approbation, though he is a resident of Clinton, yet we claim him, as a western man, as he was born and reared in this section. This may seem a little awkward to your readers, at this time, but it will seem more fitting by the true all that may be mentioned, as candidates, come in, for I suppose their name will be, as usual, "Legion."

I think our county would do well to do as it has done before, go solid for Hon. W. J. Green, for Congress. Some may think me a little early in expressing myself thus, but I think we should begin to talk about who we should have to represent us. What has become of Bill Arp with his weather Bureau. We are very dry in this section, is it so all over the county? I see that some farmers failed to get their cotton up and late corn also, corn that is very young is dying for want of rain. Later: The rain, the welcome rain is falling. D. R. A.

SOUTH CLINTON.

Married, at the residence of the bride's mother, on the 29th day of May, 1890, Mr. Major Bryant to Miss Susannah Herring.

LIBSON.

Died, of typhoid fever, Sunday, June 1st, Mr. Isaac W. Boykin, aged about 30 years. He was a fine young man, and in his death the community suffers no small loss. Rumor says that he was to have been married during the present month to a lady of Cumberland. Death has specially directed his shafts against this family. About two years ago, James, a brother of the deceased died, and just 28 days since his father, Mr. Haywood Boykin, died. "Trouble never comes single."

Charlie Robinson, colored, has been appointed postmaster at Garland.

Mr. E. W. Kerr, of Clinton, will address the people of this community at Ingold, on the subject of a Railroad Commission Saturday, the 14th of June.

The political pot has already commenced to simmer in these parts. Candidates and rumors of candidates still come.

I hear Mr. C. B. Aycock highly spoken of for Congress. I have reasons to believe he is the farmer's friend, and would work for the interest of the industrial classes. He would be an honor to our district and people.

The farmers are very busy just now. A good sign.

I failed to attend the Ingold Alliance when brother W. E. Stevens was with us a few weeks ago; but almost all agree that his talk was both instructive and encouraging. Ingold Alliance is in a flourishing condition.

THE BOYS.

Mrs. A. F. Robinson is visiting relatives at Delta, N. C.

Mr. Austin B. Cain, of Alapha, Ga., formerly of this county, is quite sick with typhoid fever.

LITTLE COHARIE.

Died, on Friday evening, the 30th ult., Mr. Amos Bullard, one of the county's prominent citizens. He was aged about 50 years and had been in feeble health for a year or more. He died sitting out in the grove. His body was buried with Masonic ceremonies. The funeral was preached by Rev. Mr. Bristowe, in Bethel church.

As we have written one piece to your paper from Autryville and found that it escaped the waste-basket, we have decided to try again. Everything in and around Autryville is moving along finely.

An excellent and impressive sermon was preached last Sunday in the Sunday-School room to a very attentive congregation, by Rev. Mr. Frank Underwood. As we sat and listened to his eloquent remarks, poured forth with such a spirit of understanding, we too, wished that we could have been something grander, brighter, nobler and better. We also learn that a sermon at Clement in the forenoon was able and impressive. Subject: "God is a spirit and must be worshipped in spirit and in truth."

We have very little politics up here, but all with whom we have conversed are strongly in favor of that very able and accomplished gentleman, C. B. Aycock, of Wayne, for Congress. We believe he is at the head of the list of young men of North Carolina to-day. Get your tickets ready.

We always welcome your paper to our little town, for it not only gives us the news from all over the county, but in its columns we always find some spicy and interesting pieces written by the very able and efficient

editor, who, by-the-way, is doing more for old Sampson, and especially Clinton, than any other man in it, and we would suggest that the people show their appreciation of him by subscribing to and paying for his paper.

We would be highly pleased to have you pay us a visit, Mr. Editor, and know that you will give our little town a good name after having seen it.

Miss Ida, daughter of Capt. J. L. Autry, spent some days in town last week. F. I. McK. Autryville, N. C., May 27, '90.

PINEY GROVE.

Mr. B. H. Hatcher has for some time. Who can beat this? Corn and cotton are fine, though wheat and oats, owing to the cold spells, are a failure.

Mr. Jos. A. Darden died on the 26th ult. The deceased was about sixty years of age, had been sick for more than a year, and for many years had been a deacon in the Missionary Baptist Church. Rev. Mr. Johnson, of Johnston county, performed the funeral ceremonies.

Died, the 16th of June, Mr. J. E. King, aged about 50 years.

Married, on the 29th ult., Mrs. J. E. Rackley, of Goldsboro, Miss S. C. Newton, Nathan Weeks, Esq., officiating.

TAYLOR'S BRIDGE.

Mr. Thomas C. Merritt killed near Way Cross, last week, a coach which measured 6 feet and 9 inches.

A tenant on the farm of Mrs. A. E. Murphy has a collar which measures 3 feet and 11 inches.

The residence of Mr. Henry Matt this came near being burned last week. The kitchen caught from a spark, and had it not been for timely assistance his dwelling and everything would have been destroyed.

NEWTON GROVE.

Married, Mr. J. A. Hollemore to Miss Emma Powell, on April 19th, J. A. Warwick, Esq., officiating.

Come out to Newton Grove next Thursday and hear the public address of Mr. Marion Butler on the issues of the day most nearly interesting the farmer.

Politics is beginning to be talked in this section. From what we can learn this township is solid for C. B. Aycock, of Wayne, for Congress, and divided between Kerr and others for the Senate.

Mr. Wm. Daughtry reports a freak of nature that occurred at Benson, in Johnson county. In that town, on May 12th, a child was born, Dr. Parker attending, having two heads, four arms and three legs. One head lived five hours and the other eight hours.

Seasons still come nice and crops look well.

Our farmers were very busy for a day or two last week setting out potato sprouts. Some have finished.

Mr. J. B. Sutton has the finest corn in the township.

Some of our farmers had cotton squares in May.

Prof. Craven will commence another ten month's school at Glenwood the 1st of August.

How will R. K. Herring do for sheriff? It has been a long time since Halls has furnished a sheriff.

TURKEY.

Turkey is all alive with the prospects of fine crops this season. The corn crop is more promising than it has been for many years, and cotton is certainly extra. We have, thus far had enough rain and the weather is warm, breezy and pleasant.

Miss Josie Carroll, who has been attending school at Harrell's Store has returned home to spend vacation.

Mr. Sydney Kirby, who has been "out South" ever since about the 1st of January last, has returned home in ill health, and no doubt realizing the fact that there is nothing on earth so protective as the paternal roof.

Mr. Jas. L. Hines, of this township, showed us forms for cotton blooms on May

shall be found objectionable or impracticable, which we do not believe, then we insist that the government issue its currency upon any practicable scheme direct to the people, and not as now, give it away, or almost give it away, to a few pet banks, and then by taxing every other currency out of existence, enable them to rouse the people at their own sweet will.

We sometimes hear the foolish statement made, even by some who claim to be statesmen, that this country is suffering from over production, and the farmer who is struggling with poverty and debt, is gravely told that the cause of it all is making too much—that he over stocks the market, and the surplus cannot be sold. The farmer in the West makes more wheat than he can sell at paying prices, and because he cannot get the money for his wheat he goes barefooted and ragged. The manufacturer in New England makes more clothing and shoes than he can sell at a profit, and in consequence his employers cannot get money with which to buy bread and hence go hungry. What is the matter? There is not too much made, provided it could change hands, for many of all classes are suffering for want of what the other classes have in excess. But the supply of money, the instrument with which people make their exchanges, is not sufficient to do the work, and all classes, with plenty all around them, are suffering for want of an instrument—money—by which the surplus of one can be exchanged for the surplus of another, and thus the wants of all be supplied. Our people are commanded to make "brick without straw" being furnished by the government, and then worse than the Pharaohs of ancient Egypt, a tax of ten per cent is levied upon the straw "yet in no wise is the tale of brick diminished." If we should see a farmer attempting to cultivate 100 acres of land with four horses and only two ploughs, we should not say that he has too much land or too many horses. He has not got instruments of cultivation, sufficient for his land and force. He simply needs two more ploughs. Thus the people of different sections producing an abundance of different productions are suffering for what the other has to spare, not because one glut the market with his wheat, another with his shoes, but because of the lack of that instrument with which the people effect their exchanges—money.

"Tired All the Time." Say many poor men and women, who seem overworked, or are debilitated by change of season, climate or life. If you could read the hundreds of letters praising Hood's Sarsaparilla which come from people whom it has restored to health, you would be convinced of its merits. As this is impossible, why not try Hood's Sarsaparilla yourself and thus realize its benefit? It will tone and build up your system, give you a good appetite, overcome that tired feeling and make you feel, as one woman expresses it, "like a new creature."

WHAT IS SCROFULA

It is that impurity in the blood, which accumulates in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors," which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can It Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and powerful medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla. My daughter Mary was afflicted with scrofula, a sore neck from the time she was 2 months old till she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lump and all indications of scrofula entirely disappeared, and now she seems to be a healthy child. J. S. CARLISLE, Narragansett, N. J.

A Long Felt Want

Read the following testimonials,

which are a sample of the hundreds

we have received:

Mr. J. C. HOBBS, Hoboken, N. C.

The Rings I got from you are a

good thing, and advise all farmers to

use them, as I think they will make

a pair of lines last as long as three

or four of the old style. They give

ease and are convenient.

I am respectfully,

SAMSON WARREN.

J. C. HOBBS, Hoboken, N. C.

I am well pleased with the Rings

for they are a protection to Plow

Lines, and I want two more pairs.
